

“Sunbrella makes exceptional marine performance fabrics for both exterior and interior use.”

### ***Marine Canvas with premium performance***

Sunbrella® has revolutionized how beautiful fabrics look, feel and perform with its legendary fade resistant, bleach cleanable and ease of cleaning properties. As an exceptional manufacturer of marine performance fabrics for both exterior and interior use, Sunbrella fabrics offer excellent protection from the elements and a beautiful aesthetic. Sunbrella canvas fabrics are ideal for biminis, dodgers, covers and more, while its line of upholstery fabrics offers style and performance above and below deck.

*UV and Fade Resistant.* With a 10-year warranty against fading, Sunbrella fabrics hold their vibrant color even with constant exposure to the sun, salt and chlorine of harsh marine environments.

*Mold- and Mildew-Resistant.* All Sunbrella fabrics are mold- and mildew-resistant. Should exposure to dirt, debris and the elements cause mold and mildew to occur, Sunbrella marine canvas can be quickly and easily cleaned.

*Bleach Cleanable.* When tough stains such as mold or mildew occur, Sunbrella fabrics can be cleaned with bleach without losing color.

*Sun Protection.* All Sunbrella marine fabrics hold the Skin Cancer Foundation's seal of approval, providing valuable protection from the sun so boaters can safely enjoy long hours on the water.

*Breathable Comfort.* Unlike some marine fabrics that trap heat, Sunbrella fabrics allow air to pass through, creating a comfortable boating experience for all aboard.
