Stimpson

High-performance marine fastening solutions for over 170 years

Since 1852, the marine industry has relied on Stimpson® as the nation's leading manufacturer and supplier of grommets, washers, eyelets, snap sets, hole plugs and attaching machinery. Stimpson's marine line of 304 stainless steel and nickel-plated brass fasteners enables our customers to single-source all of their marine fasteners under one roof, saving them both time and money.

Stimpson's High-Performance Marine Fastener Line

- Sheet metal grommets with plain, teeth or neck washers
- Rolled rim grommets and spur washers
- Self-piercing grommets and washers
- Plain and screw stud snap fastener sets

Marine Professionals Prefer Stimpson

- ISO 9001:2015 Certified: Stimpson's marine-grade fasteners are manufactured to the strictest quality standards thanks to our world-class quality management systems and state-of-the-art equipment.
- Shop Online: Purchase marine fasteners from Stimpson's official webstore at webstore.Stimpson.com where any order placed before 3:00 PM ET ships the same day.
