

Enduratex™

High-performance, heat-reflecting upholstery for marine and outdoor applications

Enduratex™ is a leader in performance coated fabrics. Enduratex fabrics are designed to meet the challenges of extended use and exposure to marine and outdoor elements.

Enduratex offers Forbid™ SRT anti-stain protection, UV and abrasion resistance, and is available in 54-inch width rolls in multiple marine-grade patterns. Enduratex is revolutionizing marine and outdoor seating with its proprietary ChromaCool Technology that keeps coated fabrics cooler over an extended period of time. ChromaCool Technology is engineered to reflect sunlight and block UV rays, keeping coated fabrics cooler even after prolonged sun exposure.

Enduratex products are designed to meet the needs of the Marine, Outdoor Seating, Automotive, Contract, Healthcare, Hospitality, Office and Restaurant industries. Enduratex is headquartered in Corona, California, and its parent company, U.S.I., a \$2.3 billion corporation, is headquartered in Taipei, Taiwan, and is publicly traded on the Taiwan Stock Exchange.
