## Manart-Hirsch Co. Inc.

*“As a family business,  
we pride ourselves on  
our customer service.”*

Jeremy Hirsch

### Join the family

Manart-Hirsch is a third-generation, family owned and operated supplier to the manufacturers of marine, awning and recreational canvas products. As a family business, we pride ourselves on our customer service. We are a direct distributor for the largest names in the marine industry. Our extensive line of boat top fabrics, marine-grade clear vinyls, bindings and trimmings are always in stock and ready to ship.

#### Manart-Hirsch Acrybind® Bindings, Zippers & Trimmings

Manart-Hirsch Acrybind® is available in every Sunbrella® color. No matter what style binding you require, straight cut or bias cut, 3/4", 1", 1 and 1/2" or 2", Manart has it. Our YKK® separating and continuous zipper inventory is second to none.

#### Marine Upholstery

We stock some of the most well-known brands in marine upholstery including Sequest and Sonic from Nassimi; Zander, Beluga and Leon from Spradling®; Morbern® and Luxor Leather®. We also stock 1/4" foam-backed products as well as Diamond, Double Diamond and Hexagon pleated designs.

#### Clear Window Products

We offer the most comprehensive selection of our own Aqua-View marine-grade clear vinyls, including roll and pressed polished sheets. We are one of the largest stocking distributors of Strataglass® products worldwide as well as Crystal 20/20 and Panorama FR. Additionally, we stock many polycarbonates including .040 gauge, .060 gauge and UV- and scratch-resistant varieties.

SPECIAL ADVERTISING SECTION

## Sunbrella® / Glen Raven Material Solutions LLC

### *Trusted choice on the water*

Sunbrella has revolutionized the way the world thinks about how fabrics look, feel and perform. Exceptionally beautiful and designed to last, premium Sunbrella fabrics integrate style with legendary performance qualities: proven durability, fade resistance, easy care and bleach cleanability. Introduced in 1961, Sunbrella fabrics are manufactured and marketed by Glen Raven Inc., a 140-year-old family-owned company based in North Carolina with operations worldwide. Sunbrella is committed to helping you succeed through high-quality fabrics, a dedicated care team and an industry-leading warranty that builds a brand your customers prefer and trust.

#### **Sunbrella Marine: Canvas, Upholstery and Horizon® Marine Vinyl**

**UV and Fade Resistant:** With the most comprehensive warranties against fading, Sunbrella fabrics hold their vibrant color during constant exposure to marine environments.

**Mold and Mildew Resistant:** All Sunbrella fabrics are mold and mildew resistant. Should environmental exposure cause mold and mildew to occur, Sunbrella fabric can be quickly and easily cleaned.

**Bleach Cleanable:** When tough stains occur, Sunbrella can be cleaned with bleach without losing color.

**Sun Protection and Shade:** The Skin Cancer Foundation recommends certain Sunbrella fabrics in shading products as part of a complete sun protection regimen, including regular use of sunscreen, to aid in preventing sun-induced damage.

**Most Comprehensive Warranty:** Sunbrella fabrics are backed by the industry's most comprehensive warranty for fabric, including labor costs.

## Enduratex™

### *High-performance, heat-reflecting upholstery for marine and outdoor applications*

Enduratex is a leader in performance coated fabrics. Enduratex fabrics are designed to meet the challenges of extended use and exposure to marine and outdoor elements.

Enduratex offers Forbid™ SRT for maximum protection against stains, UV protection, abrasion resistance and over 300 marine-grade patterns available in 54" width rolls. Enduratex is revolutionizing marine and outdoor seating with its proprietary ChromaCool™ Technology. Engineered to reflect sunlight and block UV rays, ChromaCool keeps coated fabrics cooler even after prolonged sun exposure.

Enduratex products are designed to meet the needs of marine, outdoor seating, automotive, contract, healthcare, hospitality, office and restaurant industries. Enduratex is headquartered in Corona, Calif., and its parent company, U.S.I., is a \$2.3 billion corporation headquartered in Taipei, Taiwan, and is publicly traded on the Taiwan Stock Exchange.

## Prodim

### *Speed. Accuracy. Profit.*

What once took hours to measure is now captured in minutes, with unmatched accuracy down to a fraction of a millimeter. Powered by our latest Prodim Wire technology, the Proliner V9 delivers flawless measurements without compromise: on-site or in the workshop, indoors or outdoors, on any material, in any situation. Seamlessly integrated into your digital workflow, every detail is faithfully recorded, ready for immediate use. From innovative marine fabrications to complex decking designs, the Proliner V9 adapts effortlessly. This new tool is more than a measuring tool—it's a breakthrough in efficiency. Work faster, eliminate rework and achieve a perfect fit every time.

#### **Innovations that make life easier and business better**

- ✓ Work super fast with sub-millimeter precision
- ✓ Effortless continuous curve and shape tracing
- ✓ Intuitive touchscreen for crystal-clear visuals
- ✓ Quick around-the-corner measuring solutions
- ✓ Big direct reach for all your ambitious projects
- ✓ Limitless design with Prodim Factory Software
- ✓ It's cloud ready. It's future ready!

## RECASENS USA LLC

### *Marine acrylic fabrics for total sun and rain protection*

RECASENS USA is a vertically integrated weaver and coater of performance fabrics focusing on awning/marine-grade acrylic fabrics.

Recacril® is our flagship 9 oz. marine-grade acrylic fabric, woven tighter than competing brands and finished with our proprietary NON-PFAS Infinity Plus Process to yield a fabric with fewer pinholes, superior shade, excellent stability, and water and stain resistance.

Recsystem® is 9 oz. Recacril with a nearly invisible 1 oz. urethane/acrylic blend back coating containing mold- and mildew-inhibiting additives that make the fabric minimally breathable and virtually waterproof.

Recwater is Recacril with liquid PVC back-coated onto the fabric to penetrate the weave, then cured and heat set to produce a stable and 100% guaranteed waterproof fabric for fixed awning and marine applications.

Nautimar is a lightweight PVC-coated polyester fabric with a protective top coat and produced 86" wide so you can make a wide variety of fitted and boxed covers with minimal seams.

Contact RECASENS USA today to request a free sample card!

## Strataglass LLC

### *Superior flexible marine windows*

Strataglass LLC, a subsidiary of Herculite® Products Inc., has been the leading manufacturer of pressed polished clear vinyl sheets for marine enclosures and flexible window applications for more than 26 years. Its two core products, Strataglass® and CrystalClear are used by an extensive list of OEM suppliers and boat builders such as Viking Yachts, Riviera Yachts, Grady White and Sea Ray®.

Strataglass is a premium flexible coated vinyl sheet engineered to resist scratching and damaging effects from UV rays. Strataglass features VueShield™, a highly engineered scratch-resistant coating technology that is effective at blocking 94% of the UV light spectrum. It also features a two-year “No Worries” warranty against degradation and product failure.

CrystalClear offers the same quality that our customers have come to expect in an uncoated sheet. These press-polished clear vinyl sheets feature a new and improved clarity with no hazy blueness, no fish-eye effects, no dimples and no distortions. CrystalClear is available in 30 and 40 mil.

Both Strataglass and CrystalClear are available worldwide through our distribution partners.

**Zund America Inc.®**

*Your first choice in digital cutting*

Zund America is the U.S. sister company of Zünd Systemtechnik AG, the family-owned Swiss manufacturer of multifunctional digital cutting systems. For 40 years, Zünd has been the world's leading manufacturer of modular, single and dual-beam cutting solutions for many different industries and applications.

Zünd digital cutting systems are the first choice of any marine manufacturer with a need to cut, trim, punch, route or mark materials. Multi-capable and available with a wide range of tools, these cutting systems can be individually configured for prototyping, custom fabrication or fully automated digital production. Materials commonly processed with Zünd cutters include fabric, carbon fiber, carpet, leather, vinyl, foam, as well as rubber, aluminum and many different types of plastics for boat-building applications including indoor/outdoor seating, flooring, coverings, furnishings and more. Specialized high-performance tooling is available for different processes, and various levels of material-handling automation can be added to any Zünd cutting system. These include semi- and fully automatic/robotic devices for loading and advancing materials, unloading, and picking and sorting cut pieces. The latest Mind and Zünd Cut Center software that drives Zünd cutters is designed to automate workflows, streamline production processes and maximize material yield.
